

March 2018

Dear Parent / Carer,

Science Masterclass Conference – Grade 8/9 Booster Workbooks

As a school, we firmly believe that parents / carers have an instrumental role in supporting their child in achieving academic excellence. Following the invitation for your child to attend our Science Masterclass Conference on Wednesday 21 March 2018, we feel that it is also important to support your child beyond the traditional school learning environment. Research and evidence demonstrates that completing effective exam practice is likely to increase your child's likelihood of success in their end of year exams.

We therefore strongly recommend that you purchase the Collins GCSE Science Grade 8/9 Booster Workbooks as your child moves into the final episodes of learning and revision before their exams begin. This collection of workbooks will support and motivate your child to reach their full potential and achieve success with targeted questions and support. Furthermore, they will provide plenty of practice opportunities for multiple-mark questions on every topic, whilst helping your child improve and focus their responses to questions using worked examples. The range of questions available within these workbooks encourages students to develop their skills in application and analysis, as well as recall, whilst also covering maths and practical skills.

We have secured a very competitive price, further subsidised by The Hamble School, of **£10.00** for the **complete** collection of workbooks. These can be purchased online using your son's / daughter's ScpPay (Tucasi) account or by cash or cheque made payable to The Hamble School. Please hand your order slip (below) to Mrs Goodey in the Finance Office.

Should you wish to discuss this opportunity in further detail, please contact Mr S Knight at the school between the hours of 8.00am-4.00pm Monday to Friday. Alternatively, you can email sknight@thehambleschool.co.uk.

Yours sincerely

Mr S Knight
Associate Assistant Headteacher &
Director of Progress and Attainment

If, at any time, you should require special arrangements to be made when visiting the school and/or in order to participate fully in supporting your child at school (e.g. an accessible venue for meetings, if you are a wheelchair user, assistance with translation of documents or enlarged copies of communications etc.), please do not hesitate to let us know.
