

Year 7 Literacy and Numeracy Catch Up Premium – 2017/18

The Government has made a commitment to provide additional funding to schools for each Year 7 student who did not achieve the expected standard in reading or maths at the end of key stage 2 (KS2). The purpose of this funding is to enable schools to deliver additional support, such as individual tuition or intensive support in small groups, for those pupils that most need it.

In 2017 to 2018 schools will receive the same overall amount of year 7 catch-up premium funding they received in 2016 to 2017, adjusted to reflect the percentage change in the size of their year 7 cohort, based on the October 2017 census.

The Hamble School is forecast to receive approximately an additional £21,150.00 for the academic year 2017-18.

Costs and Rationale

Targeted Support	Objective	Cost
Summer school	To aid the transition of vulnerable students. To establish strong relationships early on and to identify areas of need.	£2000
Tutor time and targeted small group intervention, reading and writing support delivered by a literacy specialist Higher Level Teaching Assistant (HLTA) 2 hours per week	To improve the literacy levels of pupils through working on vocabulary development, comprehension, reading skills and phonological training.	£7200
Tutor time and targeted small group intervention, maths support timetables during MfL/RE lessons delivered by a qualified maths teacher in a specialist intervention role. 2 hours per week	To improve the basic numeracy skills To use detailed assessment of learning needs to focus on driving forward the specific areas of weakness.	£7200
Buddy Reading scheme – Year 7 students are buddied with a Year 9 student. 30 minutes per week	To improve the reading age and confidence of students.	£600
Literacy Intervention delivered by the LSA team to targeted small groups or individual students. 1.5 hours per week	To improve the literacy levels of pupils through working on vocabulary development, comprehension, reading skills and phonological training.	£1000
