Dear Head Teacher

Re: COVID19 prioritisation within the School Age Immunisation Service

Please be aware that following notification from NHS England, the school age immunisation service has suspended the delivery of the HPV and the Teenage Booster vaccinations in schools. Southern Health Foundation Trust are waiting further guidance from NHS England regarding the immunisation programmes and will notify you once this has been received. The school age immunisation service will be working closely with NHS England to ensure that pupils who have missed their vaccinations will receive them in a timely manner once the service is able to return to business as usual.

These arrangements will apply to release capacity to support the COVID 19 preparedness.

Please do not hesitate to contact your local immunisation team if you wish to discuss the details in this letter.

Yours faithfully

Julie Hooper

Area Manager for School Nursing and School-age Immunisation Service

C.c. Ginny Taylor - Deputy Director of Children and Family Services
School Nurse Clinical Team Leads
