

HOME LEARNING

NEWSLETTER – ISSUE 15: 3RD JULY 2020

This week has been the second week of our 'Blended Learning' strategy – it has been great to hear that the 'tweaks' we made have ensured the learning is more effective for our families at home.

It is also wonderful to hear that so many students are enjoying the live lessons. Our staff have been really pleased with engagement and delighted to see that so many students have 'attended'.

We have really appreciated all the constructive feedback from parents/carers and this has helped us to shape the online provision over the last 14 weeks.

However, we would appreciate it if you could spend 5 to 10 minutes completing our survey www.surveymonkey.co.uk/r/COVID-19THS. This survey will be open until Monday 13th July.

YEAR 10 PARENTS/CARERS

Next week students who are attending school for face-to-face sessions will have a one-hour English lesson and a one-hour Maths lesson. If students are unable to come in, they will be able to access a live English and Maths lesson online. The date, time and Zoom details for these can all be downloaded from the Weekly Learning Plan on Show My Homework.

Next week Science will be completed through independent learning tasks, however, all of the option subjects will be delivering live lessons 1pm-2pm Monday to Thursday. Again, the Zoom details for these lessons will be available in the Weekly Learning Plan.

Please can you remind your son/ daughter that if they are coming into school they must bring a pen, pencil, ruler, rubber, calculator and school planner.

COLLEGE INFORMATION EASTLEIGH COLLEGE

Eastleigh College are still taking applications for 2020-21. The college offer a range of A-Level and vocational qualifications and are holding a Virtual Open Day on Wednesday 8th July. To find out more, go to: www.eastleighcollege.onlineopendays.com. This would also be useful for students in Year 10 starting to think about colleges.

COMPETITION

THE CREATIVE ARTS DEPARTMENT NEED A LOGO CAN YOU HELP?

The Creative and Performing Arts Department are looking for a new logo to capture what we offer at The Hamble School and to represent the department's motto of 'Imagination, dedication, aspiration'.

The image should represent all of the following subjects:

- Art
- Drama
- Music

It should be bold, bright, creative and eye-catching. Each entry is worth house points and the winning designer/s will receive a £10 voucher. You will then work with our Graphic Designer to create the logo as a digital image and it will be used in displays and marketing in and around the school.

Entries should be submitted to abowman@thehambleschool.co.uk by **Friday 17th July 2020**. You can produce them by hand or using a computer.

For further support, download our **Home Learning Booklet** on the website:
www.thehambleschool.co.uk/home-learning

HOME LEARNING GUIDANCE

A few reminders to support students:

1. Work is set on *Show My Homework* on a Sunday and we guarantee that every subject will be uploaded for the week by 5pm. This means that families can plan before Monday morning. The due date will still be the Friday of each week.
2. Staff put the live lesson details (day, time, and Zoom link) in the assignment box on *Show My Homework* as well as on the Weekly Learning Plans so it is more obvious for students.
3. We want students to be able to work flexibly around the live lessons, however, we also know that structure helps our families. This week's suggested timetables can be found below. The live lessons are all highlighted in green and we have provided a timetable of when the independent learning tasks could be completed around this. We hope this helps with organisation.
