

03 February 2023

Dear parent/ carer,

School-Led Maths Tuition

As the summer exams draw closer, we are always looking for ways to help our students reach their potential. We are therefore writing to inform you that your child has been selected for regular additional intervention.

We have put together teams of students and partnered them with an experienced teacher to act as a subject-specific mentor. Historically, this strategy has proven to be highly successful in raising attainment as well as fostering support between students. In the past we have seen students make an additional whole grade of progress by attending a weekly team.

The interventions will take place every Wednesday at 3:00 – 3:45pm, including throughout exam periods. This will start on Wednesday 01 March in room SC14 with Mrs Ingram.

We are really excited to offer your child this tremendous opportunity to gain some targeted help towards their GCSE. We appreciate your support in ensuring that your child attends the session.

Your faithfully,

Mr L Wood
Associate Assistant Headteacher
Head of Mathematics

Mr M Dryden
Key Stage 4 Coordinator for Mathematics

If, at any time, you should require special arrangements to be made when visiting the school and/or in order to participate fully in supporting your child at school (e.g. an accessible venue for meetings, if you are a wheelchair user, assistance with translation of documents or enlarged copies of communications etc.), please do not hesitate to let us know.
