#### **3. The responsibilities of the school**

##### **3.1 If the school makes arrangements**

Initially, the school will attempt to make arrangements to deliver suitable education for children with health needs who cannot attend school.

With discussion with parent and carers and taking advice from health care professionals we will;

- Assign a member of staff to take responsible for making and monitoring these arrangements. This member of staff will be the point of contact.
- Arrangement will consider work, how this is set, the collection of work and how feedback will be given.
- Work with the students to support an reintegrate students back into school

##### **3.2 If the local authority makes arrangements**

If the school can't make suitable arrangements, Hampshire Inclusion Support Services will become responsible for arranging suitable education for these children.

In cases where the local authority makes arrangements, the school will:

- Work constructively with the local authority, providers, relevant agencies and parents to ensure the best outcomes for the pupil
- Share information with the local authority and relevant health services as required
- Help make sure that the provision offered to the pupil is as effective as possible and that the child can be reintegrated back into school successfully

#### **When reintegration is anticipated, work with the local authority to:**

- Plan for consistent provision during and after the period of education outside the school, allowing the pupil to access the same curriculum and materials that they would have used in school as far as possible
- Enable the pupil to stay in touch with school life (e.g. through newsletters, emails, invitations to school events or internet links to lessons from their school)

- Create individually tailored reintegration plans for each child returning to school
- Consider whether any reasonable adjustments need to be made

#### **4. Monitoring arrangements**
