

Our Approach:

- Strengths based
- Trauma informed interventions and practice
- Adopting a family working approach
- Focusing on the child as a child first and foremost
- Balanced interventions with the need to assess and manage risk to others

Who can refer?

Any parent/carer or professional adult can make a referral to us.

Contact Us Today!

For a referral form or a discussion about a referral please email:

cjsm.hampshireyot@hants.gov.uk

Or download a referral form from the Hampshire FISH website:

Family Information and Services Hub | Hampshire Youth Justice Prevention Service (previously YCP - Youth Crime Prevention)

NB: Unsigned referrals will be returned and verbal consent is not accepted.

PLEASE NOTE: HYJS are required to request and share information around risks with Police and Children's Services to ensure everyone's safety. By agreeing to work with our service, you are agreeing to our Privacy Notice: Youth Justice Service | About the Council | Hampshire County Council

Prevention Team

Empowering Children

Our goal is to empower children to make positive choices, build resilience, and become productive members of their community. Through education, support, and intervention, we strive to reduce children's involvement in crime and create a safer environment for all.

Referral Criteria

Any child aged **10 - 17** (inclusive) in Hampshire, who is at **risk of offending** and anti-social behaviour due to:

- Their **own behaviour** at home, at school or in the community
- The **influence** of friends, family, and associates
- **Underlying risk factors** that are likely to lead to offending or anti-social behaviour in the future.
- Or has had a **Community Resolution** issued by the police

Any re-referral will take into consideration the length of any prior intervention.

The referrer would need to evidence **why** that child is considered to be at risk of offending and **demonstrate** that there are clear issues in the **COMMUNITY** and at **HOME AND/OR SCHOOL**.

Our Service

What we Do?

1.Relationship Building:

We offer a safe and confidential space for children to express themselves, receive guidance, and access the support they need. All our staff aim to build trust, foster healthy relationships, and steer children towards making better choices.

2.Tailored intervention:

We offer a range of interventions on topics such as conflict resolution, decision-making, emotional wellbeing and resisting peer pressure. These equip children with the skills and knowledge they need to navigate challenging situations and make informed choices.

3.Positive and Constructive Activities:

We organise and support activities and creative workshops to provide positive outlets for children and help them discover their talents and interests. By promoting positive and constructive activities, we can encourage resilience and provide opportunities to raise their self-esteem.

4.Parent Support and Education:

We offer support and resources to parents and caregivers giving them alternative strategies to managing behaviour and improve positive relationships'
