EXTRA-CURRICULAR ACTIVITIES

AUTUMN 2025

THE HAMBLE SCHOOL

ACHIEVING EXCELLENCE TOGETHER

INTRODUCTION

At The Hamble School, we believe involvement in extracurricular activities will build your character and contribute to an all-round education and it is important for your physical, social and emotional health. We want The Hamble School to be a place where you can develop your interests and hobbies whilst learning valuable life skills which will support you now and in the future.

Extracurricular activities can help you build leadership, organisation, resilience, initiative and communication skills: all of which are essential for life and employability. It is also an opportunity to meet new friends, expand your interests and perhaps find a new talent!

Attending these clubs will also open up opportunities for potential trips, visits and representing the school in productions, performances and competitions.

Please look carefully through this brochure at everything we have on offer at Hamble.

If you have any questions, or have ideas about clubs you would like to attend at Hamble, please let us know.
