- All CAT testing will take place in Tokyo rooms 5 or 6 or Beijing 5.
- Students will need to line up outside Tokyo / B5 ready to be admitted into the classroom.
- **Students will need to bring their own headphones to these sessions.** The headphones should be able to plug into an Audio jack (Air Pods / Bluetooth earbuds are not permitted). Please note that we have spare headphones for those who do not have access to their own headphones.
- These tests will be conducted under examination conditions. Students will be expected to remain in silence until the end of each session. If a student finishes their section early, the reading of a book will be permitted until the end of the lesson.
